

ASSESSMENT OF DISSERTATION RESEARCH PROPOSAL

Name :
 Student ID Number (NIM) :
 Study Program : Medical Science
 Dissertation Title :

CRITERIA	SCORE (in figure)
<p>1. Writing format (maximum score 5) The dissertation proposal consists of a title, an approval sheet, a list (table of content, a list of pictures, a list of tables, and a list of abbreviations), a summary, 4 chapters, and a reference.</p>	
<p>2. Research title and summary (maximum score 5) The title consists of 20 words, describes the purpose of the research, has no abbreviations, and is not interrogative sentences. If it contains foreign words/terms, they must be written in italics. Summary (in Indonesian and English) includes introduction or background of the problem, research objectives, research methods, and research significance.</p>	
<p>3. Chapter 1: Introduction / Research Background (maximum score 10) Chapter 1 presents (1) the background of the problem a maximum of 5 pages, (2) formulation of problems and sub-problems (if any), (3) general and specific objectives, and (d) academic and practical benefits. The background must (a) be systematically arranged with common threads, (b) present the gap between theory and fact, (c) present the contradictory findings of previous research results, (d) present findings or theories supporting the research plan, (e) the sequence of the problems, (f) explain the scale of the problem, (g) state the fact that there has been no solution to the problem to date, (h) state the need for research to be carried out, and (i) state the research novelty.</p>	
<p>4. Chapter2: Literature review (maximum score 10) It contains all aspects of the theory that underlies the research and has disclosure of state-of-the-art theories explaining basic cellular and molecular level mechanisms. It must be relevant to the title and the problem, explain all the variables to be studied and the relationship between variables, explain the methods that can be used to measure variables, have correct sub-chapters, present a common thread between sub-chapters, correct presentation of tables, graphs, and pictures, and present paragraphs correctly with a common thread between paragraphs. Language: use good and correct Indonesian (not a translation). No plagiarism.</p>	
<p>5. Chapter 3: Theoretical and conceptual framework, and hypothesis (maximum score 10) There is a summary of the literature (theoretical framework) that will be used as a basis for thinking and compiling the conceptual framework. There is a clear diagram of the theoretical and conceptual framework. There is a narrative explaining the research diagram and general conceptual framework. The research and general conceptual framework result from one's own thinking or reference by making modifications. There are hypotheses based on the conceptual framework.</p>	
<p>6. Chapter 4: Research method (maximum score 30) The research method is described in detail, including the design used to achieve the research objectives, research population/sample, calculation of the number of samples, sample criteria, research variables, operational definitions of variables, tools and materials and methods used, research implementation, study sites, mentioning experts who will help through the research, available experts and research time, data analysis and research flow.</p>	
<p>7. Statistical analysis (maximum score 5) This part explains the data analysis plan and the reasons for choosing the statistical analysis.</p>	
<p>8. Research Novelty (maximum score 5) The research reflects the novelty, and there is an opportunity to be published in a reputable international journal or acquire intellectual property rights.</p>	
<p>9. Presentation (maximum score 10) Written communication is easy to understand, no redundancy uses correct, concise and clear Indonesian and includes references. The oral presentation is on time (not exceeding the time provided). The student understands presentation etiquette. The</p>	

student wears proper clothing styles based on the rule set by PDIK-FKUB.	
10. Mastery of materials (maximum score 10) The student answers the questions clearly, briefly, and firmly and demonstrates mastery of the presented materials	
TOTAL SCORE	

This is to inform you and thank you for your attention.

Grade in Alphabetical Letters Only to Represent Average Based on the Rector's Decree Number 078/SK/1995

Malang, May 5, 2021

Chief Promotor,

Score	Grade in Alphabetical Letter	Weight
>80 - 100	A	4.0
> 75 - 80	B+	3.5
> 69 - 75	B	3.0
> 60 - 69	C+	2.5
> 55 - 60	C	2.0
> 50 - 55	D+	1.5
> 44 - 50	D	1.0
0 - 44	E	0
